

# Technology Statement

As an integral part of the science curriculum, ConVal students will use appropriate tools, technology, and techniques to gather, analyze, interpret, and share data. They will utilize technology as a tool for:

- Extending and enhancing their senses
- Supporting and personalizing their learning process
- Enhancing and expanding communication, interaction, and collaboration
- Researching - accessing information and processing data
- Publishing and sharing information
- Increasing productivity
- Supporting their creativity and self-expression
- Aiding in problem solving and decision making

At the same time they will experience the power and limitations of newer forms of technology.
