

# Vision Discount Program

Employees, retirees and their family members who are enrolled in medical and/or dental plan coverage can receive discounts on eye exams, glasses and other eye care needs through Anthem and/or Northeast Delta Dental. Eligible employees, retirees and their family members can access these discounts by following the steps below.

## To Receive Vision Discounts Through Anthem

The Anthem vision discount program includes savings of up to 30 percent off retail price for vision care services.

**Step #1:** Choose a vision care provider that is one of many thousands of providers nationwide who participate in EyeMed.

**Step #2:** At the vision care provider, employees, retirees and their covered family members should show their Anthem ID card and tell providers they have an “Anthem discount for vision.” If you have difficulty accessing these discounts, share with the provider the following code, which links directly to the 30 percent discount: **9227695**.

**Step #3:** If you or the providers have questions about the 30 percent discount program or seek more information, they can call Anthem’s phone line dedicated specifically to the vision care discount program: 866.680.1180.

## To Receive Vision Discounts Through Northeast Delta Dental

The EyeMed Vision Care discount program offered through Northeast Delta Dental includes a schedule of benefits with varying discounts for specific vision care services.

**Step #1:** Choose an EyeMed Vision Care provider. To find a provider near them, your employees and retirees can call 866.246.9041 or visit [www.nedelta.com](http://www.nedelta.com), click on the green "Patients" link and scroll down to "EyeMed Discounts."

**Step #2:** At the vision care provider, your employees, retirees and their covered family members should show their Northeast Delta Dental ID.

As always, HealthTrust’s Enrollee Services Representatives welcome your employees’ feedback and are available to answer their questions at 800.527.5001.
